

StarBoard FX-DUO-88W

# INTERACTIVE WHITEBOARD

## Spread Imagination Far and Wide

Take advantage of the 88inch widescreen, interactive whiteboard which will bring your presentations to life. The FX-DUO is a multi-touch interactive board which will allow you to create effective visual-based material and capture your audience's attention.

### Touch and Control

All operations on the board can be performed with a finger, stylus pen or an electronic pen, depending on your preference.

### Multi-Touch Features

Operate the board by using hands gestures to zoom or scroll the pages and images.

### Interactive Group Work

Two users can operate the board simultaneously whilst working on the same task.

### Easy Access to Current Functions

The function buttons situated on each side of the board allow quick access to the most current functions.

## Key features

- Widescreen (88") surface for comfortable work
- Use a finger/object or an electronic pen to operate the whiteboard
- Deactivate the finger mode for full control on the board with electronic pen
- Interactive group work - two users can use the board simultaneously
- Multi-touch input - operate the whiteboard using both hands (scroll/ zoom-in/ zoom-out)
- Electronic-free surface
- Field replaceable digitiser
- Special material on the surface minimizes the projector reflection
- 16 function buttons, 14 of them are customisable for easy use

## Accessories

Electronic pen  
(optional)

Stylus pen

- Variety of digital inks
- Hand writing recognition
- Import Microsoft Office files
- Export notes to various file formats
- Search engine integration

## StarBoard software is delivered as standard with the board
