

StarBoard T-19WX

INTERACTIVE LCD PANEL

Bringing Exceptional Clarity to Presentations, Meetings, Lessons and Lectures

The StarBoard T-19WX provides the full functionality of an interactive whiteboard through a 19-inch wide screen pen display. It lets you control computer applications and write digital notes on the display, while your audience views the same notes projected onto a large screen.

Ideal for Auditoriums and Large Rooms

Connect T-19WX to your PC and LCD projector and control a lesson or presentation directly from a podium or desk and project onto a large screen.

Excellent Colours and Contrast

Conveniently placed on a desktop or lectern, the bright 19" display provides more working space and a clear image with WXGA+ resolution that works well with high-resolution LCD projectors.

Intuitive and Powerful Software

The T-19WX is equipped with the StarBoard suite - intuitive interactive software that is all captured in an easy-to-master customisable toolbar.

Interact and Illustrate

The T-19WX puts you in control of a powerful multimedia environment where you can interact with lessons and write over any application, image or video with digital ink.

Key features

- LCD display screen
- WXGA+ resolution with excellent colour and contrast
- 16:10 ratio
- StarBoard Suite of interactive software
- Thin screen that assures natural, accurate operation
- 8 fully customisable buttons for quick access to the current StarBoard software functions
- Smooth adjustable tilt stand
- VGA output connectors, providing an easy method of connecting projectors and monitors
- Wireless pen, 2 customizable buttons

Accessories

Electronic pen

- Variety of digital inks
- Hand writing recognition
- Import Microsoft Office files
- Export notes to various file formats
- Search engine integration
